MODERN LOVE, RELATIONSHIPS, AND MARRIAGE

To say that modern day love and relationships are complicated is a gross understatement. To say that true love is all about peace and harmony are somewhat simplistic. We think of ways that we can increase our chances of falling in love; how we can improve romantic or platonic relationships. We think how we can improve the behavior of a spouse or special friend. We worry about fighting with a spouse in your marriage or just walking away from the marriage. Is avoiding conflict good or bad for relationships? Too much fighting can lead to divorce, but it turns out too little fighting can also split you up.

The listed Newton Free Library books may prove helpful to readers trying to understand inter-personal relations in the modern world.
