VINCE FLYNN’S MITCH RAPP SERIES

Vince Flynn was an American author who created one of contemporary fiction’s most popular heroes: CIA counterterrorist agent Mitch Rapp, featured in thirteen of Flynn’s highly-praised political thrillers. Flynn died in 2013. The novel series continues with Kyle Mills as the author.

Mitch Rapp is an under-cover CIA counter-terrorism agent, whose primary focus is thwarting Muslim terrorist attacks on the United States. He is as an aggressive operative who is willing to take measures that are more extreme than might be considered commonly acceptable and he hates red tape and procedural delays. Officially, Rapp has nothing to do with the U.S. government; rather, he is referred to in the business as a private contractor.
