BLACK CIVIL RIGHTS LEADERS BEFORE AND AFTER
MARTIN LUTHER KING AND ROSA PARKS

Do YOU Know Who These People Are ?????

Each person on this list has earned the right to be on this list of Black-American advocates for civil and human rights. Citizens will honor them if you take the time to do a library or internet search to discover information about who these individuals are or were and what they did to earn the title of “Notable Black Civil Rights Activist.” In many cases, the Library has books about these African-Americans.
